GATHER AT WUHAN STATION AND BOARD THE MEET YOU QUALITY TRAIN TO KORLA

Meet You Culture and Tourism and Wuhan Railway have jointly created the "Meet You Train" tourist train, integrating Jingchu cultural elements and specially modified and designed for middle-aged and senior customers - a train more suitable for the travel of middle-aged and elderly people, ensuring a comfortable and worry-free journey.

SOUTHERN XINJIANG SECTION

Karakul Lake

Karakul Lake lies quietly on the Pamir Plateau, embraced by silver-sand mountains around emerald waters, forming a natural wonder of half desert and half blue waves. Kyrgyz herds-men ride their horses by the lake; when the wind rises, the white sand dances and the reflection becomes a mirror in the sky, while the reed isle in the heart of the lake sways like a fairyland.

SAVOR THE CULTURE OF SOUTHERN XINJIANG

On the Pamir Plateau, Karakul Lake reflects the snow-capped summit of Mount Muztagh Ata; the ruins of the Stone City stand quietly overlooking the grazing sheep and cattle on the Golden Grassland; while Baisha Lake, half-water and half-sand, presents a pristine and wondrous landscape. To the east, in Korla, the Taklamakan Desert stretches boundlessly, and the Tarim River winds its way into the desert; along its banks, the poplars shimmer in golden light – all these scenes tell the story of the resilience and fertility of the desert oasis.

The civilizations of the Silk Road converge here. The streets and alleys of the old city of Kashgar are alive with the vibrant energy of the bazaar; the Tajik people of Tashkurgan humbly safeguard the high plateau; weaving together the soul of their ethnic heritage.

YILI SECTION

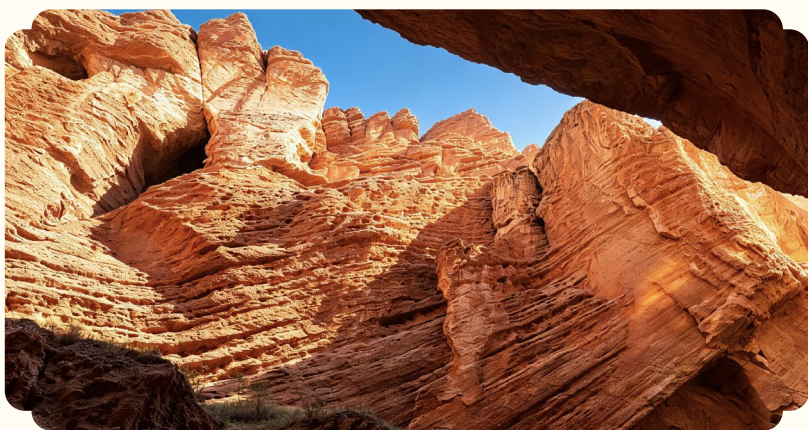

Nalati Grassland

The Nalati Grassland lies in the heart of the Tianshan Mountains and is hailed as the "Grassland in the Sky". Here spruce trees stand tall, the Gongnaisi River meanders, and wildflowers cover the fields in June. Tourists may ride horses to visit the Snow Lotus Valley, experience the nomadic life of the Kazakhs, and feel the poetry and vastness of a thousand-year grassland culture amid yurts and pastoral songs.

YOU WON'T KNOW THE BEAUTY OF
XINJIANG UNTIL YOU VISIT YILI

✘Yili lies at the western foot of the Tianshan Mountains and enjoys the reputation of "Jiangnan beyond the Great Wall", gathering snow mountains, grasslands, lakes and canyons in one. The Nalati "Grassland in the Sky" is carpeted with green grass and wildflowers; Sayram Lake is as clear as "the last tear of the Atlantic"; and the Tianshan Grand Canyon's rock walls display the grandeur of the ages.

✘Multiple ethnic groups live here - Kazakh, Uyghur and others with rich folk customs. Yurt smoke and dombra melodies, colorful streets and alleys show a warm worldly charm. On the grasslands, yurt smoke curls up and dombra melodies linger; in the old-city alleys, colorful doors abound, with specialty foods and handi-crafts everywhere.

 Meet You Train

A scenic view of a turquoise river flowing through a dense green forest, seen from a train window. The river is surrounded by lush green trees and mountains. The view is framed by the black frame of the train window.

NORTHERN XINJIANG SECTION

Hemu Scenic Area

Visit "God's Own Land" - Hemu. This primitive Tuva village, deep in the Altai Mountains, has scattered wooden houses with curling smoke, like a fairy-tale world. Spring brings wildflowers, summer lush green, autumn layered forests, and winter snow-capped wooden houses like "snow mushrooms" - a scene in every season. Hemu is a photographer's paradise and a quiet place that cleanses the soul.

ENJOY THE SCENERY IN NORTHERN XINJIANG

Northern Xinjiang lies in the north of Xinjiang, at the northern foot of the Tianshan Mountains, encompassing snow mountains, lakes, grasslands, forests and deserts - diverse landforms with scenery that changes with the four seasons.

The scenery within is a gathering of wonders: Kanas Lake shifts color with the seasons and its mountain forests seem like a dream; Hemu and Baihaba Tuva villages are quiet and leisurely.

Northern Xinjiang is also a land where diverse cultures blend - Kazakh melodious pastoral songs, Uyghur simple customs and Tuva wooden-house warmth, paired with a millennium of Silk Road history, give it a profound cultural depth.

Heading west

every meal is a landscape

every flavor a story.

With "a mobile journey of the palate" as its core concept, the Meet You Train creates a three-layer taste experience for you - freshly made senior-friendly meals on the train, authentic dishes from well-regarded local restaurants on land, and six major specialty themed banquets throughout the journey. Let the palate, on behalf of your feet, remember every inch of land beneath them.

TRAIN MEALS

The Meet You Train carries an open landscape kitchen, where the chef team uses fresh ingredients daily to freshly prepare three meals a day for you. The dishes are designed for middle-aged and senior travelers - low oil, low salt, soft and palatable, caring for the stomach without losing flavor.
